

ERES Institute for New Age Cybernetics
Core Framework Categories (from ERES TERMS)
By Joseph A. Sprute, aka ERES Maestro & Claude.ai
February 16, 2025

ERES Institute Core Framework Categories

Primary Systems

1. **ERES (Empirical Realtime Education System)**
 - Core operational framework for real-time education and monitoring
 - Interfaces with GAIA and NAC systems
2. **GAIA (Global Actuary Investor Authority/Global AI Assistance)**
 - Global-scale economic and resource management system
 - Connected metrics: GRS (GAIA Resource Score), NGI (National GAIA Index)
3. **NAC (New Age Cybernetics)**
 - Framework for integrating cybernetic systems with social structures
 - Extended through PlayNAC (game theory applications)

Resource Management Systems

1. **Economic Frameworks**
 - REEP (Relative Energy Equal Pay)
 - UBIMIA (Universal Basic Income Merit Investment Awards)
 - GCF (Graceful Contribution Formula)
 - FBEA (Faith-Based Economic Algorithm)
2. **Environmental Monitoring**
 - BERC (Bio-Ecologic Ratings Codex)
 - NBERS (National Bio-Ecologic Resource Score)
 - EAM (Earth Alignment Metric)
 - GEAR (Global Earth Applications Recorder)
3. **Resource Planning**
 - GERP (Giant Earth Resource Planning)
 - GEL (Global Energy Ledger)
 - DEE (Dynamic Energy Equalization)

Human Development Systems

1. **Personal Development Metrics**
 - EPIR-Q (Emotional Personal IQ Real Quantum)
 - HPE (Human Performance Enhancement)
 - EHC (Earned Happiness Coefficient)
 - PRI (Pain Reduction Index)

2. Identity and Security

- FAVORS (Fingerprint Aura Voice Odor Retina Signature)
- BEST (Bio-Electric Signature Time)

Core Formulas and Principles

Foundational Equations

$C = R \cdot P/M$ (Cybernetics Resource Purpose Method)

$IED = NS$ (Input Energy Decision Number Subject)

$E = MC^2$ (Cooperation-coexistence \times cybernetic-cognition + collision avoidance)

1. Integration Frameworks

- String Theory \times Chaos Theory + Theory of Entanglement = Theory of Everything
- CPM (Critical Path Method) integrated with WBS (Work Breakdown Structure)
- PERT (Program Evaluation & Review Technique)

Implementation Systems

1. Infrastructure

- EMCI (Emergency Management Critical Infrastructure)
- GSCD (Global Smart-City Development)
- THOW (Tiny Homes On Wheels)
- VERTECA (Hands-Free Vertical-Industries Environment)

2. Governance

- DAO (Decentralized Autonomous Organization)
- DOGE (Department of Government Efficiency)
- DOFA (Department of Family Amity)
- POLITICE (Polite Police Policy Practice)
